

# QUALITY, HEALTH, SAFETY & ENVIRONMENT [QHSE] POLICY

Dutch Offshore Contractors is a leading international contractor specializing in Heavy Transportation Solutions over sea, Cable Handling & Storage, Project Logistics Services and rental of Cable Equipment with a direct-to-sea-terminal in Vlissingen.

We work closely with our clients to create innovative, sustainable solutions and safe working conditions.

A high standard of Quality, Health, Safety and Environment [QHSE] is vital to our success. The DOC management system provides the framework for managing the company's activities, risks and opportunities associated with our business.

As such QHSE is embedded in the DOC management system and functions as an integral part of our working philosophy:

- By maintaining a high level of QHSE we aim to meet our clients expectations and take into account our stakeholders' needs. We commit ourselves to create a safe and healthy working environment in which we work. Only by working together we can reach our ultimate goal of eliminating all personal injuries and guarding the environment.
- Maintaining and improving QHSE is the responsibility of every employee. This is supported by training programs and sharing knowledge throughout the company.
- DOC complies with all standards & legislation and requires from its business partners, subcontractors and suppliers to adhere to the same standards & legislations.
- Performance is monitored by the management team at regular intervals by means of inspections, audits and evaluations. We learn from experiences, both within the company and in the industry as a whole. Yearly we set new targets and objectives and follow a process of continuous improvement.
